1. ORGANISATION OVERVIEW:

- Name: **Chillax Klerksdorp**

- **Brief history**: Chillax Klerksdorp was established in recent years as a local, fast-casual dining and takeaway establishment, quickly building a strong reputation across Neserhof and the broader Klerksdorp area for affordable comfort food, signature grilled chicken, and quick meals.
- **Proposed Mission Statement:** "To provide the Klerksdorp community with fast, delicious, and high-quality comfort food at accessible prices, delivering warm service and reliable convenience whether dining in, picking up, or ordering from your doorstep."
- **Proposed Vision Statement:** "To become Klerksdorp's premier go-to local takeaway brand celebrated for consistent food quality, community connection, and seamless digital ordering."
- **Primary Target Segments**
    1. Local Families and Budget conscious households.
    2. Young adults, students and digital first diners.
    3. Local workers and on the go lunch buyers.

2. WEBSITE GOALS AND OBJECTIVES:

- **Website goals:** This proposal outlines the creation of a modern, mobile-first website and digital menu system. The goal of this project is to strengthen Chillax's digital presence, reduce reliance on third-party delivery commission fees, improve direct customer engagement, and capture a larger share of the local online ordering market.

- **key performance indicators (KPIs) to measure success:**
    1. **Conversation and Revenue:** indicate whether the website turns traffic into value.
    2. **User Engagement:** measure how visitors interact with the website's content when they arrive.
    3. **Traffic and Acquisition:** track how many individuals visit the site and where they come from.
    4. **Technical Performance and UX:** assess the speed of the page, responsiveness, and the health of the infrastructure.
    5. **SEO and Search Visibility:** the search KPIs, evaluate the visibility of the site when it is in search engine results.

4. PROPOSED WEBSITE FEATURES AND FUNCTIONALITY:

a) **Home page:** carousel browsing, status checking, and quick calls.

b) **Interactive Menu Page (Products and services):** Item searching, spice/side customization cart building.

c) **Checkout Drawer**: instant WhatsApp order generation, delivery selection.

d) **About Us**: Brand story browsing, photo gallery viewing

e) **Contact Page:** One-tap driving directions, inquiry form

f) **Admin Panel**: for internal staff only (real-time stock toggle, price edits, store status control)
